PDF order receipts

Fully 100% customizable design using templates

RMA (return management)

Configurable list of allowed countries
(For billing, For shipping)

Security. ACL (access control list) on admin area pages

Security. ACL (access control list) on products, categories,
and manufacturers.

Activity Log

Live chat integration

SMS notifications

Mini shopping cart

W3C compliance (XHTML)

Web Services API

The screenshot shows the nopCommerce dashboard interface. At the top, there is a navigation bar with links for Dashboard, Catalog, Sales, Customers, Promotions, and Content Management. Below this, a 'Dashboard' section is visible, featuring a 'Show Statistics' link. The main content area displays an 'Order Status' table with columns for Order Status, Today, This Week, and This Month. The table lists four statuses: Pending, Processing, Complete, and Cancelled, each with corresponding monetary values. Below the main table, there is a section for 'Incomplete orders' with a sub-table showing 'Total unpaid orders (pending payment status)' and 'Total not yet shipped orders', both with counts and a 'Days' field.

Order Status	Today	This Week	This Month
Pending	\$100.00 (USD)	\$100.00 (USD)	\$100.00 (USD)
Processing	\$0.00 (USD)	\$0.00 (USD)	\$0.00 (USD)
Complete	\$0.00 (USD)	\$0.00 (USD)	\$0.00 (USD)
Cancelled	\$0.00 (USD)	\$0.00 (USD)	\$0.00 (USD)

Order Status	Total	Count	Registered customer
Total unpaid orders (pending payment status)	\$200.00 (USD)	0	Included <input type="checkbox"/> Days
Total not yet shipped orders	\$200.00 (USD)	0	

RTL (right-to-left) support

Product features

Product attributes (e.g. color, size)

Stock management by product attributes (such as, color and size)

Product tags

Configurable checkout attributes (such as «Gift Wrap» or «Enter custom message»)

Configurable customer attributes (such as «Date of birth», «Phone number»)

Individual prices can be specified for individual customer groups

Allow customers to enter product price (if enabled)

Allow store owner to hide prices for non-registered customers

Supports multiple images per product

Auto image resizing

Downloadable products supported

Downloadable products. License file can be attached

Downloadable products can have an user agreement

Downloadable products. Configurable download activation

type: 'When order payment status is Paid' or 'Manual activation'

Text options on products (e.g. require initials for monogrammed products, require text name for product customization, etc)

Support for simple products (e.g. a book) or products with variants

Support for sale prices

Product search

Featured products, sale products or new products

Inventory tracking

Disable buy buttons for specific products

Product specifications (e.g. processor, memory, graphic card)

Compare products feature (if enabled)

'Call for price' support

Cross-sells support

Backorder and pre-order support

Display product stock availability option

Products can require that other products are added to the cart (Product X requires Product Y)

Back in stock notifications

Product special price support

Catalog mode (based on customer role)

Reward Points System

Ability to assign design on category, manufacturer or product (unique design per category/manufacturer/product)

Supports related products

Marketing manager (Email campaigns)

Customer groups can be marked as free shipping

Customer groups can be marked as tax exempt

Supports discounts
